

### Features to Include on Your Maps

While on our trip to Riverside Park, you will need to add some more features to your map. Be sure to label these clearly with different symbols and identify these in your legend. **Please read this list carefully before you begin.**

You need to include:

- At least **two** of the three *Hear, Here* stories
- At least **one** element from **each** of the two stories
  - What did the narrator's mention in their stories? Can you locate some of these things on your map? If the things mentioned aren't there, that's okay! Include them on your map where you think they should go.
- At least **two** monuments or statues
- **One** place of significance to you
- The International Friendship Gardens

Feel free to add other features to your map. These could include trees, benches, other *Hear, Here* stories, buildings, bridges, the path you took while at the park, etc.
